Experience and Accomplishments:

Junior Designer, Mod7

Jan 06 — July 07

What began as a working Internship, developed into a design apprenticeship. I worked closely with the Principal and Director Wil Ardt, and quickly began taking on more responsibility within the company. Working towards a solution for a client I began taking on the lead design role in projects which included concept and creative direction for website and interaction design.

Freelance Designer

2003 — ongoing

Exhibit Design (Vancouver Holocaust Education Center), Promotional Mail outs (Stephen Morris Realtor), Website Design (www.fitnessabode.com), Logo & Identity (University Town Church), Package Design (BiTiNiT), Film set production worker, Assisted carpenter in set construction.

Designer, Smarteam Design Group

Feb 03 — June 04

Concept development for web-design, development of print products and final versions for printers. This enabled me to become more aware of the technical aspects of design in the business world.

Designer, Great Northern Way Campus

Feb — March 2002

Participated in the design for the signage and way finding for the campus. Actively participated in the design, construction and application of the large campus signs.

Intern, Alan Diamond Architects

June — July 1998

With a program through high school I actively participated at this design firm for three weeks. Duties included drawing renovation plans for houses and creating a complete drawn plan for the construction of a house.

Counsellor, Camp Micah

June - August 2003-05

Teaching children, developed creative programs and activities.

Designer, Bob Goodridge Contractor

Dec 03 — January 04

Designed the exterior to a unique type of office/living space. Dealt with city codes and regulations in order to abide to the restrictions placed on new city structure permits.

Assistant, Neolithic Stone

Nov 01 - Jan 03

Worked directly with clients, invoiced and billed outgoing inventory, coordinated and shipped stone nationally and internationally.
